

## **Welcome to Module 3**

In this third module, you will be a student in a Farsi speaking classroom, where you will gain an appreciation for what it's like to be a second language student.

You will also become familiar with differentiation strategies that will help you make instruction more comprehensible for your English Language Learners.

The first thing you need to do is click on the Review/Preview button to the right for a brief introduction.

I'll see you again in Module 4!
