

FY 2009 QUESTION NUMBER: 20

QUESTION:

Provide information on the deferral of 18 promethean boards at Montgomery Village Middle School.

BUDGET PAGE REFERENCE: N/A

ANSWER:

As a Phase I school, Montgomery Village Middle School was allocated a total of 18 Promethean boards. These 18 boards were installed in July 2007. This is the same number of Promethean boards that the eight middle schools in Technology Modernization received this year. All Phase I schools in the Middle School Reform initiative and all Technology Modernization schools received the same number of boards in FY 2008. Schools that receive Promethean boards through the Middle School Reform initiative prior to going through the Technology Modernization program do not receive additional Promethean boards when they participate in the Technology Modernization Program.
