## Finance and Operations－Overview

F．T．E．Positions 4．474．289
In addition，there are 67.5 positions funded by the Capital Improvements Program Budget， 22.0 funded by ICB．These non－operating budget positions are
noted on other charts in this chapter．Also，there are 1，799．953 school－based positions shown on school charts in Chapter 1.
Resources for the Office of Finance are found in Chapter 9.

> M I S S I O N The Office of Finance and Operations (OFO) provides high-quality business operations and support services essential to the educational success of students by staff committed to implementing equitable practices and continuous improvement strategies.

## MAJOR FUNCTIONS

Facilities Management (Professional and Operational Excellence)

The Department of Facilities Management (DFM) is committed to operational performance excellence and continuous improvement with the primary goal to ensure that MCPS facilities meet the needs of all stakeholders. DFM supports student success by providing high quality learning environments through long-range planning, design, and construction, operations and maintenance, property asset management, and resource conservation and sustainability.

## Materials Management (Professional and Operational Excellence)

The Department of Materials Management (DMM) economically facilitates the delivery of approved, highquality products, meals, resources, and services in an environment of cooperation, integrity, and excellence that is essential to the educational success of all students in MCPS. DMM coordinates the functions and operations of the warehouse and distribution network; instructional and library material processing; editorial, graphics, and publishing services; procurement; and food and nutrition services.

## Student Transportation (Professional and Operational

 Excellence)The Department of Transportation is responsible for the operation of regular and special program bus service for eligible students, vehicle maintenance and repair, employee recruiting and training, and transportation administrative services. Bus operations provide transportation services for more than 100,000 students daily. Ridership is composed of two categories-regular education and special education.

## Office of Finance (Professional and Operational Excellence)

The Office of Finance facilitates the alignment of the district's strategic priorities with financial resources, thus ensuring that MCPS providing the highest quality education and opportunities for all students to succeed.

## OVERVIEW OF BUDGET CHANGES

## FY 2022 CURRENT BUDGET

The current FY 2022 budget for this office is changed from the budget adopted by the Board of Education on June 10, 2021. The change is the result of a realignment of $\$ 135,964$ for a 1.0 coordinator position to Chapter 6, Office of Strategic Initiatives and Districtwide Services and Supports.

## FY 2023 RECOMMENDED BUDGET

The FY 2023 recommended budget for this office is $\$ 14,071,600$, a decrease of $\$ 8,974$ over the current FY 2022 budget. An explanation of this change follows.

## Same Service Level Changes-(\$8,974)

Realignments to Meet Expenditure Requirements and Priorities-( $\$ 8,974$ )
There is a realignment of $\$ 50,011$ from a 1.0 administrative secretary II position to fund $\$ 46,124$ for a 1.0 administrative secretary I position, resulting in a decrease in position salaries of $\$ 11,887$. In addition, there is an increase of $\$ 2,913$ for supporting services part-time salaries.

\author{
M I S S I O N The Department of Facilities \\ Management (DFM) creates and maintains high-quality public facilities for learning through staff dedicated to excellence and continuous improvement.
}

\section*{MAJOR FUNCTIONS}

\section*{Capital Planning and Real Estate (Professional and} Operational Excellence)
The Division of Capital Planning and Real Estate develops plans to address the changes in student enrollment and instructional programs through development of high-quality data analysis, planning strategies, and long-range facility plans. Enrollment forecasts are developed in alignment with the six-year Capital Improvements Program and for long-term future projections. The accuracy of the forecast is critical as it is used for resource and staffing allocations, the determination of capital projects, relocatable classroom placements, and by other offices and departments in MCPS that provide instructional programs required for student success.

Through a self-supporting entrepreneurial fund, staff in the division negotiate and manage tenant leases, assist with the development of countywide master plans as they pertain to future school sites, and acquire and manage future school sites. Revenue is generated through joint tenant, closed school, and telecommunication tower leases used to offset MCPS-leased administrative and support space expenditures.

\section*{Facility Design and Construction (Professional and}

Operational Excellence)
DFM facilitates the design and construction processes for major capital projects including new schools, additions, the replacement/renovation of aging facilities, and countywide systemic replacement projects. While the majority of staff and resources for these functions are funded through the capital budget, on-time and withinbudget completions to ensure school openings and operations are critical measures in supporting the strategic priority of professional and operational excellence through creating modern, safe, and nurturing physical environments for staff and students.

\section*{Building Operations and Maintenance (Professional and Operational Excellence)}

The Division of Maintenance and Operations (DMO), a new unit that was recently forged by merging the Maintenance and School Plant Operations divisions, ensures that our MCPS students and staff are able to learn and work in high-quality facilities that are clean, safe, and well maintained. Facility maintenance and repair, emergency response, and automated building controls services are accomplished through maintenance staff positions. Preventative maintenance, repairs, and facility upgrades are handled by skilled technicians that work out of specialty shops housed within our regional service centers. Building service personnel directly support operational excellence by providing services to keep buildings safe and clean. They also support our schools' role in the community by assisting with outside use of school facilities by community partners. With an average of 17,000-20,300 square feet of building space under the care of each staff member, building service work is a vital part of keeping our schools and offices running smoothly.

\section*{Sustainability and Environmental Compliance}
(Professional and Operational Excellence)
The Division of Sustainability and Compliance supports student success by elevating the school system's approach to environmental stewardship, and by leading change to incorporate sustainable considerations in all decisions, to result in healthy learning and working environments that are equitably accessible across MCPS. Strategies include engaging students, staff, and local community to address global sustainability issues at our local level through increased outreach, awareness, engagement, and action towards systemwide improvements in sustainability and environmental compliance. This includes the evaluation and implementation of new strategies to reduce greenhouse gases and waste, increased carbon sequestration, and clean energy utilization. Other strategies will include improved conservation and efficiency, entrepreneurial approaches to energy retrofit improvement projects, continued wholesale energy procurement, and energy cost avoidances. Environmental compliance areas will focus on required management programs for integrated pest management, asbestos, stormwater, wastewater, underground storage tanks, drinking water safety, fire code, and ADA compliance, as well as "best-practice" programs in indoor air quality and radon testing and mitigation..

\section*{OVERVIEW OF BUDGET CHANGES}

\section*{FY 2023 RECOMMENDED BUDGET}

The FY 2023 recommended budget for this department is \(\$ 168,489,137\), an increase of \(\$ 4,426,749\) over the current FY 2022 budget. An explanation of this change follows.

\section*{Same Service Level Changes-\$4,426,749}

Realignments to Meet Expenditure Requirements and Program Priorities-\$34,820
Realignments are budgeted to address priority spending needs in the Department of Facilities Management. An analysis of this department was conducted to determine changes that resulted in an overall budget neutral set of realignments within the Division of Maintenance and Operations and the Division of Sustainability and Compliance. There is a net increase of \(\$ 48,799\) as a result of the following position realignments:
- \((\$ 53,390)\) for a \((1.0)\) program technician position
- \$128,182 for 2.0 resource conservation assistant positions
- \((\$ 71,284)\) for a \((1.0)\) recycling manager position
- \$78,404 for a 1.0 environmental specialist position
- \(\$ 74,792\) for a 1.0 fiscal assistant V position
- \(\$ 48,358\) for a 1.0 integration pest management associate II position
- \((\$ 49,752)\) for a (1.0) printing equipment operator I position
- \(\$ 32,510\) for a 1.0 building service worker I position
- \$36,018 for a 1.0 office assistant III position
- \(\$ 71,284\) for a 1.0 data support specialist position
- \(\$ 61,700\) for a 1.0 IT systems specialist position
- \(\$ 32,385\) for a 0.5 energy management specialist position
- \((\$ 32,385)\) for a (0.5) energy management assistant position
- \((\$ 67,881)\) for a \((1.0)\) mechanical systems team leader position
- (\$102,062) for (2.0) mechanical systems tech shift I positions
- \((\$ 102,062)\) for \((2.0)\) mechanical systems tech shift II positions
- \$36,018 for a 1.0 mechanical systems worker position
- \((\$ 48,358)\) for a \((1.0)\) maintenance carpenter position
- \$48,358 for a 1.0 glazier position
- \((\$ 72,036)\) for \((2.0)\) general maintenance worker II positions

In addition, there is a decrease of \(\$ 13,979\) in the Division of Sustainability and Environmental Compliance for utilities.

\section*{New Schools/Space—\$2,451,685}

In the Division of Maintenance and Operations, the budget includes \(\$ 1,047,905\) for 31.0 building services positions as a result of the acquisition of additional square feet of space. The budget also includes an increase of \(\$ 72,245\) for custodial and uniform supplies. In the Department of Facilities Management, the budget includes an increase of \(\$ 1,131,035\) for building rental costs. In the Division of Sustainability and Compliance, the budget includes an increase of \(\$ 200,500\) for fire code compliance.

\section*{Other-\$1,940,244}

In the Division of Sustainability and Compliance, there is an increase of \(\$ 295,450\) for natural gas and \(\$ 287,354\) for water and sewer expenses related to rate increases. In addition, there is an increase of \(\$ 360,000\) in contractual services due to rate increases for the recycling fee contract. In the Department of Facilities Management, there is an increase of \(\$ 401,467\) in relocatable classrooms due to rate increases, and \(\$ 468,948\) in building rental costs for leased facilities. In the Division of Maintenance and Operations, there is an increase of \(\$ 127,025\) for fire code safety upgrades and contractual services.

\section*{Enterprise Funds-\$0}

In the Real Estate Management Fund, there is a decrease of \(\$ 42,345\) for a 1.0 building services manager II position. In addition, employee benefits associated with the position reduction are decreased by \(\$ 17,903\). In order to keep the Real Estate Management Fund budget neutral, there is an increase of \$60,248 for program supplies. Changes to the budget have no impact on the tax-supported budget, as all enterprise funds are self-supported.

\title{
M I S SION The Department of Transportation (DOT) provides safe, timely, and efficient transportation that contributes to the educational success of all students through staff committed to excellence and continuous improvement. We provide access to education.
}

\section*{MAJOR FUNCTIONS}

\section*{Regular Education Transportation (Professional and} Operational Excellence)

DOT supports the strategic priority of professional and operational excellence through daily transportation of more than 100,000 students on regular education school buses to neighborhood schools, Head Start, magnet, International Baccalaureate, language immersion, consortium, and other programs. DOT's framework for routing in support of consortium schools, allowing students to choose from a variety of magnet programs that match their interests and skills, ensures that our students are challenged, demonstrates progress in an area of interest, and maximizes their potential to keep them on track for graduation and postsecondary success.

DOT continually evaluates safety and on-time arrival data to improve key performance outcomes in these areas. On-time bus arrivals at schools are a key indicator for the effectiveness of ensuring that students are in class ready for instruction at the prescribed time. Late arrival of students at schools causes disruption in classrooms and may preclude some students from having schoolprovided breakfast.

Special Education Transportation (Well-Being and Family Engagement; Professional and Operational Excellence)

With a focus on community engagement and wellness and organizational and operational excellence, approximately 5,000 students are transported daily on special education buses to special education programs. Many students require transportation to specialized programs outside of their home school or require specialized equipment and/or a bus attendant. DOT fully supports the system goal of academic excellence for all students by closely monitoring our investment of resources and aligning resources to meet the individual needs of each student. Additionally, DOT is committed to developing and maintaining partnerships with our parents and
schools so that communication among all partners is achieved to support student and family needs.

\section*{Field Trips (Professional and Operational Excellence)}

Typically (prior to the impact of the COVID-19 pandemic), over 14,000 supplemental transportation services are provided on an annual basis for trips and extracurricular activities for instructional programs and to enrich the educational experience for MCPS students on a cost-recovery basis. DOT recognizes and supports the importance of additional learning opportunities provided by field trips, clubs, and sports which require a strong partnership and collaboration with our schools and communities. Student involvement and engagement in these activities contributes to academic and personal success as they move toward graduation and postsecondary careers.

\section*{Career and Technology Education, Outdoor Education, and After-school Activities (Well-Being and Family Engagement; Professional and Operational Excellence)}

Well-Being and Family Engagement and Professional and Operational Excellence are supported by providing transportation for students to attend various career and technology programs that enhance the educational options for students. Students, at some point in their MCPS journey, are transported to one or more outdoor education programs. Middle and high schools are provided bus service to take students to their neighborhoods following afterschool activities, ensuring equitable access to extracurricular experiences. DOT cultivates strong partnerships and collaboration with our schools and communities to realize the additional learning opportunities provided by career and technology education, outdoor education, and after-school activities. Student involvement and engagement in these activities enhances academic and personal success as students move toward college and career readiness.

\section*{Vehicle Maintenance and Repair (Professional and Operational Excellence)}

Focusing on professional and operational excellence, the Fleet Maintenance Unit manages vehicle maintenance, five repair facilities, provides fuel distribution, and is responsible for repairing 1,390 buses and 158 other MCPS vehicles as necessary. Most repair services are provided at the five depot repair facilities; some specialized services are contracted out. Ensuring safe, reliable, and on-time service to the over 100,000 students transported on a daily basis is a key element of ensuring academic excellence for all.

\section*{Human Resources and Training (Academic Excellence; Professional and Operational Excellence)}

Human resource services managed within the department include advertising and recruiting; hiring; prior employment record checks; drug testing; safety training; and maintenance of licensing, certification, and medical record assessments. DOT continues to facilitate the rapid deployment of new school bus operators by authorization from the state of Maryland to conduct Motor Vehicle Administration driver record checks and commercial driver's license testing on MCPS premises. The training and employment plan is aimed at employee retention with an overall goal of reducing training and recruiting needs and costs. DOT contributes to the strategic priority of human capital management through an emphasis on professional growth and development.

School bus operator and attendant training and retention is facilitated by ongoing cooperative professional growth activities with Service Employees International Union (SEIU) Local 500. DOT plans to work collaboratively with our labor partners on a professional development program to encourage our diverse group of employees to consider future careers as teachers. Additionally, in a Maryland State Department of Education comparison of statewide transportation training programs, MCPS DOT offers more learning opportunities for its staff than any other Maryland school system.

\section*{Transportation Administrative Services (Academic} Excellence; Professional and Operational Excellence)

With a focus on teaching and learning and organizational and operational excellence, DOT designs all bus routes and manages employee assignments, planning, staff training, personnel services, accounting, and related services to more than 2,100 permanent and temporary transportation employees. The systemwide bidding process for midday and other extra work developed jointly between SEIU Local 500 and DOT continues to provide assignment stability resulting in improved service to customers. Pre-employment, post-accident, random, and reasonable suspicion drug-testing programs required by federal law also are administered.

\section*{OVERVIEW OF BUDGET CHANGES}

\section*{FY 2023 RECOMMENDED BUDGET}

The FY 2023 recommended budget for this department is \(\$ 122,555,502\), an increase of \(\$ 1,715,814\) over the current FY 2022 budget. An explanation of this change follows.

\section*{Same Service Level Changes-\$1,715,814 Realignments to Meet Expenditure Requirements and Program Priorities- \((\$ 15,508)\)}

Realignments are budgeted to address priority spending needs in this department. There is an increase of \(\$ 113,139\) budget for a 1.0 team leader position to support technology upgrades and communications, a corresponding decrease of \(\$ 102,634\) from a 1.0 supervisor position, and \(\$ 10,505\) from overtime operations. There are multiple budget realignments to combine costs related to staff vehicle expenses. These realignments include reductions of \(\$ 2,685\) from service vehicle lubricant, \(\$ 50,096\) from service vehicle parts, \(\$ 1,067\) from staff vehicle lubricant, \(\$ 90,643\) from staff vehicle fuel, \(\$ 34,631\) from staff vehicle parts, \(\$ 311,521\) from vehicle operating costs, and an increase of \(\$ 490,643\) for service vehicle fuel. As part of the plan of replacing diesel buses with electric buses, which will result in a lower budget for lease purchase, bus fuel, and bus parts, a set of realignments are recommended, which include reductions of \(\$ 2,201,452\) from lease purchase, \(\$ 484,610\) from bus fuel, \(\$ 459,860\) from bus parts, and an increase of \(\$ 3,330,250\) for electric buses. Other realignments result in decreases of \(\$ 7,891\) from regular rate part-time salary expenses, \(\$ 7,617\) from overtime operations, \(\$ 5,000\) from local travel mileage reimbursement, \(\$ 584,328\) from student transportation, and increases of \(\$ 200,000\) for summer employment, \(\$ 200,000\) for after school activities, and \(\$ 5,000\) for travel for professional development.

As a result of these realignments, employee benefits of \(\$ 15,508\) are added to chapter 9, Department of Employee and Retiree Services budget.

\section*{Student Enrollment-\$811,437}

As of result of additional bus routes, there is an increase of 10 buses at an annual lease/purchase cost of \(\$ 275,038\). In addition, there is an increase of \(\$ 285,626\) for 9.375 bus operator I positions, and \(\$ 140,663\) for 5.625 bus attendant positions. Furthermore, there is an additional \(\$ 19,994\) for substitute bus driver salaries, \(\$ 9,846\) for substitute bus attendant salaries, and \(\$ 80,270\) for bus repair, parts, tires, and fuel.

\section*{Other-\$919,885}

The budget includes an increase of \(\$ 624,053\) for bus fuel resulting from the budgeted rate increase from \(\$ 1.95\) to \(\$ 2.15\) per gallon. In addition, there is an increase of \(\$ 88,632\) for transportation costs for after school activities due to an increase in the field trip rate from \(\$ 36.50\) to \(\$ 38.75\) per hour and \(\$ 1.70\) to \(\$ 1.90\) per mile. Furthermore, the budget includes an increase of \(\$ 7,200\) for the addition of furniture and equipment, and \(\$ 200,000\) for a one-time shop equipment addition to be offset by
projected revenue received from annual sales of buses after their service life has expired.

MCPS leased 25 electric buses. For FY 2023, MCPS is projecting to lease 61 additional electric buses. These buses are included in this table.

\section*{SCHEDULE OF BUSES}

> M I S S I O N The Department of Materials Management (DMM) economically facilitates the delivery of approved, high-quality products, meals, resources, and services, in an environment of cooperation, integrity, and excellence, that are essential to the educational success of all students in MCPS and support the programs of our community partners. Editorial, Graphics and Publishing Services (EGPS) supports the success of all students by producing instructional, operations, and public information materials for our schools and the central offices that support them. The Division of Food and Nutrition Services provides high-quality, nutritious meals in a cost-effective and efficient operation. The division administers five child nutrition programs, a central production facility, and a food warehouse and distribution center.

\section*{MAJOR FUNCTIONS}

Supply and Property Management (Academic
Excellence; Well-Being and Family Engagement; Professional and Operational Excellence)

DMM manages a warehouse and distribution network that provides the necessary textbooks, classroom and office supplies, science kits, furniture, equipment, and test materials to MCPS schools and offices. An efficient and effective mail service, for both internal (Pony) and external mail, is provided. These services support all teaching and learning programs in schools. The DMM warehouse supports and engages the community. It establishes and maintains partnerships with vendors and supports the procurement of materials to support schools and offices. The DMM warehouse and distribution network maintains a laser-like focus on operational effectiveness and a culture of commitment to supporting schools. Supply and Property Management strives to effectively deliver the resources and services required
of all instructional programs. This is accomplished by listening to the needs of its customers, understanding requirement expectations, and anticipating needs to formulate strategies to meet targeted goals, align work across other offices, and benchmark best practices in the supply chain industry.

\section*{Instructional and Library Material Processing}
(Academic Excellence; Well-Being and Family Engagement; Professional and Operational Excellence)
DMM maintains a database of approved textbooks and library and instructional materials. It also circulates materials requested by teachers for classroom use. School library media purchases are processed centrally to ensure uniformity, facilitate systematic cataloging of records, and save time for school staff. Staff collaboratively engage with offices and school-based staff to ensure all materials fully support the instructional programs. DMM collaborates with staff and community stakeholders to gather input on materials and resources used in schools. Instructional and Library Materials staff invite community members and teachers to participate in the previewing of new materials and the development of material distribution plans.

Procurement (Academic Excellence; Well-Being and Family Engagement; Professional and Operational Excellence)
The Procurement Unit purchases goods and services through contract awards to vendors who meet product specifications. The unit monitors vendor performance and product quality to ensure maximum customer satisfaction. Customer service is paramount to providing the resources needed to successfully support instructional programs. The Procurement Unit works closely with all offices, departments, and the Office of General Counsel to allow for contractors, vendors, and materials to be accessed for students. Maryland state law requires MCPS to advertise for sealed bids for materials, equipment, and supplies that cost more than \(\$ 25,000\). In FY 2010, the state passed a funding accountability law (pertaining to MCPS only) that provides for web-based reporting to the public; several other jurisdictions have since followed with similar information. In addition, the Board of Education has tasked the Procurement Unit with promoting outreach efforts and actively recruiting minority, female, and disabled vendors. The Procurement Unit supports the DMM and MCPS mission, vision, and strategic goals by providing vendor contracts for schools and offices to purchase high quality goods and services at reasonable costs. This unit follows all procurement protocols and policies, maintains unit objectives, and provides a clear method and process for
procuring goods and services for MCPS. Procurement maintains processes and systems to ensure quality services and excellent customer service.

Food and Nutrition Services (Academic Excellence; Well-Being and Family Engagement; Professional and Operational Excellence)
The Division of Food and Nutrition Services provides high-quality, nutritious meals in a cost-effective and efficient operation. The division administers five child nutrition programs, a central production facility, and a food warehouse and distribution center. Summer meals are provided to MCPS students enrolled in academic and other programs. The division also provides nutrition education and support to schools and various community groups. This division strives to continually identify, through the use of data and process review, strategies to reach more students in need of food support to improve their opportunities to learn.

Editorial, Graphics and Publishing Services: Copy Plus; TeamWorks; and Custom Printing (Academic Excellence; Well-Being and Family Engagement; Professional and Operational Excellence)

Editorial, Graphics and Publishing Services (EGPS) provides on-demand instructional material preparation and delivery services through the Copy-Plus program. EGPS maintains the high-volume copiers systemwide and works with copier service partners in schools. EGPS authors and updates the MCPS Correspondence Manual, MCPS Editorial Stylebook, MCPS Acronyms Guide, and the EGPS website. EGPS produces materials that promote safe learning spaces in schools and facilities. Signage, posters, banners, and other products are developed to support the district's public information initiatives. EGPS is data-driven and customer-focused. EGPS operates an apprenticeship program involving MCPS high school students and prioritizes small work groups to encourage grassroots problem solving. EGPS provides cross-training opportunities that increase internal promotion and recognize the positive impact of equitable practices on the overall health and engagement of our workforce.

\section*{OVERVIEW OF BUDGET CHANGES}

\section*{FY 2023 RECOMMENDED BUDGET}

The FY 2023 recommended budget for this department is \(\$ 76,352,261\), an increase of \(\$ 1,596,644\) over the current FY 2022 budget. An explanation of this change follows.

\section*{Same Service Level Changes-\$1,596,644}

Realignments to Meet Expenditure Requirements and Priorities- \((\$ 32,072)\)
There are a number of realignments budgeted to address priority spending needs within this department. In the Department of Materials Management, there is a realignment of \(\$ 159,402\) from 2.0 operation manager positions to fund \(\$ 102,634\) for a 1.0 materials management operations manager position, resulting in a decrease in position salaries of \(\$ 56,768\). In the Procurement Unit, there is a realignment of \(\$ 109,872\) from a 1.0 team leader position to fund \(\$ 134,568\) for a 1.0 director position, resulting in an increase in position salaries of \(\$ 24,696\). There also is a realignment of a 0.5 materials property assistant position and a 1.0 buyer II position from the Department of Materials Management to the Procurement Unit.

\section*{Other-\$117,597}

In Editorial, Graphics, \& Publishing Services, there is an increase of \(\$ 28,000\) for instructional materials due to the increased demand for instructional documents requested by teachers through the Copy-Plus program. In addition, there is an increase of \(\$ 25,597\) for program supplies for toner and parts for school copiers, \(\$ 16,000\) for contractual costs for copier rentals, and \(\$ 48,000\) for lease/purchase of refurbished school copiers.

\section*{Enterprise Funds-\$1,511,119}

Within the Division of Food and Nutrition Services, the budget includes an increase of \(\$ 1,511,119\) to address budget appropriation needs to meet expected revenue projections within the enterprise fund. The increase will have no impact on the tax-supported budget, as all enterprise funds are self-supported.
