

2026 Retirement Benefit Statements Now Available on PenPoint

Your Montgomery County Public Schools (MCPS) Retirement Benefit Statement as of June 30, 2026, is now available on PenPoint, the MCPS self-service, online retirement system.

Each fall, eligible MCPS employees receive access to a statement of retirement benefits containing important financial and retirement service information for retirement planning. Your statement shows personal data such as plan membership, the dates you become eligible for normal and early retirement, and your projected retirement benefits.

If you are a member of the Maryland State Teachers' Pension/Reformed System (state *core* plan), you access your annual retirement benefit statement from the Maryland State Retirement Agency via [mySRPS](#). You access your MCPS *supplemental* plan via PenPoint.

In addition to providing your benefit statement, PenPoint allows you to view your projected early and normal retirement benefit amounts. Even better, you can run your own retirement estimates based on other scenarios and see the projected benefit amounts and payment options.

You can access PenPoint from the MCPS [Retirement Planning web page](#). There you will see the PenPoint logo, a log-in button, and a link to video demonstrations that will show you how to use the system. You can also access PenPoint from [MCPS Hub+](#).

To log in to PenPoint from the Retirement Planning web page, click on the log-in button, and enter your MCPS username and password. From [Hub+](#), select the **Me** tab, followed by the **PenPoint** tile. Once logged in, you will find a tutorial and a guide containing frequently asked questions and a glossary to further help you navigate the system.
