

Imagine a school where racial and ethnic differences are not barriers to success.

Stereotypes keep some students from being successful.

Too many parents don't participate at all.

Some people blame racism when race has nothing to do with it.

It's hard for some parents to participate because they don't speak the language.

Parents, teachers, and students from Sligo Middle School are coming together to make sure all students succeed and all families feel welcome.

Imagínese una escuela donde las diferencias raciales y étnicas no sean barreras para el triunfo.

Los estereotipos impiden que algunos estudiantes logren triunfar.

Muchos padres casi nunca participan.

Algunas personas culpan al racismo cuando quizás éste no tenga nada que ver.

Es difícil para algunos padres participar, dado que no hablan el idioma.

Padres, maestros, y estudiantes de Sligo Middle School se están uniendo para asegurarse que todos los estudiantes tengan éxito y que todas las familias se sientan bienvenidas

Les invitamos a que asista a una Reunión Informativa
