

Good evening Rosemont Families,  
We hope you had an enjoyable weekend. This week's Rosemont **Community Connection** features several important messages.

### **Calendar Updates**

**Monday, Nov. 20 & Tuesday, Nov. 21**- EARLY RELEASE for Students; Parent Teacher Conferences

**Wednesday, Nov.22- Friday, Nov. 24**- Holiday- NO SCHOOL FOR STUDENTS & STAFF

### **Early Release- Nov.21 & 22**

As a reminder, Monday, November 21 and Tuesday, November 22 is an early release day and students will be dismissed at 12:50pm. Since many parents alter dismissal procedures on these days, an Early Release flyer will be distributed to all students this week. Please complete this form with your students' dismissal procedure and return it to your child's teacher.

### **Open House Evaluation**

Thank you to all of our families that were able to visit during our Open House on Friday! We love being able to give our **community** the opportunity to visit the classroom and give feedback to make RES the best school for all of our students. As we continue to plan for more opportunities to engage our families, we would like to get your feedback! Please take a few minutes to complete this google survey [HERE](#)

### **Bingo Volunteers NEEDED!**

WE NEED YOU! At this time PTA is currently planning a Rockin' Rockets Bingo fundraiser for Thursday, November 30. The only way to make this event successful is with the help of our parents and the **community**. The money collected during this fundraiser will go toward school field trips. If you would like to volunteer to help during this event, please sign-up [HERE!](#)

### **Parent Teacher Conferences**

During the month of November, your child's teacher will be reaching out to schedule a virtual Parent- Teacher Conference. This is one of the most important events of the school year. During your conference, you will have an opportunity to discuss your child's progress and ask questions.

### **CogAT (Cognitive Abilities Test) for ALL Second Graders**

On Tuesday, November 28, all second graders will take the Cognitive Ability Test (CogAT). Cognitive refers to a student's readiness to learn in different situations and environments and demonstrate creative problem-solving skills. The Cognitive Abilities Test (CogAT) shows us how well a child can reason abstractly and identify patterns and relationships in

the world around them. CogAT is one of the data points considered for the Gifted and Talented screening process (other data points include DIBELS, MAP-R, MAP-M, Eureka & BM Assessments, Parent Survey, & Teacher Survey). For further information, please visit the following link- [Getting to Know the CogAT for Parents.](#)

This concludes the weekly Rosemont **Community Connection**. Thank you and have a nice evening.
