EMAIL [bccedfoundation@gmail.com](mailto:bccedfoundation@gmail.com) TO SIGN UP FOR UPDATES AND INVITATIONS

We are a volunteer organization committed to promoting B-CC's strong tradition of educational excellence and the great pride we take in our diverse student body. We raise money for programs that enrich and extend students' academic opportunities while encouraging innovation and helping B-CC maintain its reputation as one of the nation's finest, most inclusive high schools. We fund a continuum of year-round academic supports and other strategic investments:

- Summer Support Programs: 9th & 10th grade transition academies, college essay writing workshop, ESOL support, and girls empowerment workshop
- CollegeTracks: highly successful program for first generation college-bound students
- TAP: after-school academic help provided by B-CC teachers and available to all students
- AP/IB Program Support: expanding access to more students
- Professional Development: providing teachers with opportunities to improve their craft

Our funding comes from the generosity of parents, alumni, community members, and local businesses that recognize the critical role an exceptional public high school plays in the community.
