Coordinator Clements's Comments

Welcome back APPS students and families. This time of year always seems bittersweet- it is sad that summer is over but there is some comfort in returning to our routines, friends, and school family.

We will have less class time to conduct whole group meetings this year. As a result, our first meeting will be on September 10th during lunch. This is a mandatory meeting for all APPS students. Please add this date to your calendar and ensure you are there.

I was honored to be invited to Moukthika Gangavaparu's Kuchipudi dance performance over the summer. I am constantly astounded by the hard work and effort that so many students display outside of school. Mouthika was no different. It was quite clear that she spent years working towards this goal. Just so you all know, I LOVE getting invites to special activities and performances that highlight your skills and talents!

Elevate ESSAY EDITING

College application essay editing & support from a current Ivy League student. Services provided virtually. Text or Email to book a free 15 minute consultation.

RATE: \$50 PER HOUR.
