| <ul style="list-style-type: none"> • Can I go to After Prom if I don't go to Prom? Yes, as long as you are a Northwood Junior or Senior. | <ul style="list-style-type: none"> • What is After Prom? After Prom is a PTSA sponsored event that provides a safe, fun, substance-free celebration for our Junior and Senior classes immediately following Prom. Our students have worked hard and deserve a time to celebrate. We want to provide a way for them to celebrate and still make it to the end of the school year or graduation in one piece. |
| <ul style="list-style-type: none"> • Who can attend Northwood After Prom? Northwood After Prom is ONLY for Northwood Seniors, Juniors and their dates. Dates must either be Northwood students OR have a Prom ticket. Prom requires a permission form to bring your date who is not a Northwood student, and that is not an option with After Prom-only tickets. You may bring your non-Northwood date ONLY IF they have a Prom ticket. That means that if you and your date who is not a Northwood student wish to go to only After Prom, you still have to buy Prom tickets. Why not take full advantage of the evening and attend both events?! | <ul style="list-style-type: none"> • Why should my student attend After Prom? Statistics show roughly a third of alcohol-related teen traffic fatalities occur during the peak of prom season. An AAA survey of teens aged 16 to 19 found that 41% said it was likely that they or their friends would use drugs or alcohol on prom night. Despite the fact that more teens are involved in fatal traffic accidents related to alcohol during prom season, the majority of high school students don't seem to recognize how dangerous it actually is. AAA also found 84% of teens surveyed said their friends would be more likely to get behind the wheel after drinking than to call home for a ride and another 22% said they'd ride in a car with someone who was impaired instead of calling their parents. The majority of teens who drink are downing substantially more on prom night. According to Liberty Mutual, 54% of teens who admitted to drinking during or after the prom said they consumed four or more alcoholic beverages. And last, but by no means least, students feel pressured at Prom to do what they normally might not do. Data from Mothers Against Drunk Driving and Chrysler found that nearly 75% of teens felt pressured to use alcohol while another 49% said their friends encouraged them to try drugs during prom |
