

Q&A from course fair

Can the Music Technology class count as a student's Tech Ed credit?

No, Music Technology will not satisfy a technology credit.

What courses satisfy the technology credit?

Foundations of Computer Science, and Introduction to Engineering Design.

Are the 8th grade Math, Science, English teachers making recommendations for 9th grade? i.e. on level course vs honors course

Yes, middle school teachers are making course recommendations for students for suggested levels of core academic classes.

When the Sherwood Counselors visit the 8th graders, will they meet with each student individually or as a group?

Sherwood counselors will meet with students as a group during one of their academic classes (through Science at Rosa Parks MS).

Will elective options still be available during the summer?

We cannot know this right now. Certainly some elective options will still be available.

What does the letter "c" designation for some sports mean?

These sports are for students in programs other than the general education program, they are not Junior Varsity or Varsity sports.

Do students typically take Honors AND AP classes in Biology, Chemistry, Physics and American History? Or do they take EITHER Honors OR AP in those subjects?

It depends on the course and the content area. Some students take both Honors and AP Biology and Chemistry if they are highly interested in science. American History is only offered as either honors or AP.

Can language classes be taken as electives? Yes.

Is there any group, class, activity, or other school related item which is in the field of linguistics? Sherwood has a Debate Team, but no linguistics class.
