Unordered Lists

```
<ul>  
  <li> </li>  
  <li> </li>  
</ul>
```

Sample:

- hearts
- circles
- squares
- rectangles
- ovals

Definition List

```
<dl>  
  <dt> </dt>  
  <dd> </dd>  
  
  <dt> </dt>  
  <dd> </dd>  
</dl>
```

Sample:

square
a four sided figure with equal sides

rectangle
a four sided figure with 2 sets of equal sides

Would you like to add a title to your list? Try an <h2> or an <h3> in your code just before you open your list.
