### Lakelands Park Middle School Summer Reading 2015-16

#### Why do I have to read over the summer?

In Montgomery County Public Schools, summer reading has been an expected practice in middle and high schools and an encouraged practice in elementary schools since 1998.

Reading is a life-long skill that a person not only needs to succeed as a student and a worker, but it is also an essential skill in civic and personal activities. Perhaps even more importantly, reading opens the world to a person through various forms of literature. By reading, students have the opportunity to learn about people, times, regions, and ideas that may enhance their knowledge and development. Reading can also bring a lifetime of pleasure and mental acuity.
