### **Final Project Web Design Group Review Feedback Form**

*Ask another group to review your web site. Have them fill out the feedback form. Make sure that the group answers more than YES or NO to each question. Using the feedback given, make any modifications needed.*

Who is the intended audience for this web site?

What is the purpose of the site?

Is the content interesting, easy to follow and accurate? Explain.

Do all links work? If not, list the ones that do not work.

Does the organization and design of the web site support/enhance the theme/content? Explain. Be specific about colors, etc. (i.e. are the colors used distracting or do they enhance the content?)

Is the navigation easy to use? Explain.

How does it compare with other, similar sites (ask to see link comparison)?

Does the site make effective use of resources?
