## How do I learn more about GIVE BACKpacks?

- The GIVE BACKpacks campaign raises funds to purchase backpacks for students who qualify for Free and Reduced - Price Meals (FARMS). The quantity of backpacks purchased is based solely on the amount of donations received. Our goal for 2019–2020 is to raise enough funds to purchase 20,000 backpacks with school supplies. Our ideal goal is to purchase 54,000 backpacks.

## Where can students get free backpacks? How are students selected to receive free backpacks and supplies?

- Backpacks with school supplies will be delivered directly to the schools during the week of August 19, 2019. Each school's administrative team decides on the best process to communicate and distribute backpacks to students in need.

## How are schools chosen to receive backpacks?

- The number of backpacks and school supplies ordered is based on an estimation of total campaign donations.
- Schools are selected based on the percentage of students who qualify for Free and Reduced-Priced Meals (FARMS). We start with the schools with the highest percentage and work down the list. This list changes each year based on donations and FARMS percentages.
- Backpacks also are provided to the International Students Admissions Office.
- Backpacks will also be sent to schools who have a donation specified for their school.
