Marking Period 2, Part 2

Learning Experiences by Measurement Topic (MT)			
MT		<u>In school, your child will . . .</u>	
Informational Text		<ul style="list-style-type: none"> ask and answer questions about an informational book before, during, and after reading. make connections between ideas presented in scientific texts. read a non-fiction text and identify cause and effect relationships. <u>Example:</u> The pier in New Jersey fell into the Atlantic Ocean (effect) because of Hurricane Sandy (cause). use graphic organizers to record key details and infer the main idea of an informational text. 	<ul style="list-style-type: none"> read every night. ask and answer questions about non-fiction texts related to a technology (tools created to help solve problems). describe the steps in a process (setting the table, making the bed). pretend to be an engineer. Find and read a manual that describes a technical process. Identify text features in the manual. Are the text features helpful when completing the process? <u>Keep going:</u> rewrite the manual using different text features. <u>Examples of manuals:</u> how to program favorites on a television, use the dishwasher or oven, set up a gaming system, etc.
Language: Vocabulary		<ul style="list-style-type: none"> work in small groups to share ideas during collaborative discussions. utilize a glossary to identify the meanings of unknown words found in texts. use subject specific vocabulary when discussing scientific concepts. <div style="text-align: center; margin-top: 10px;">  </div>	<ul style="list-style-type: none"> practice using context clues to determine the meaning of unknown words. <u>steps to follow:</u> <ol style="list-style-type: none"> 1. Identify an unknown word in a text. 2. Reread the paragraph in which the word is located. 3. Use what you know about the paragraph to make a guess about the word's meaning. 4. Ask: What else could the word mean? 5. Select the meaning for the word that makes the most sense. 6. Use a resource to check the meaning of the word.

Glossary	infer: to draw conclusions based on background knowledge and textual evidence	key details: details that support the message or topic in the text	main idea: in informational text, the central point the author wants the reader to know	text features: parts of a text that help the reader find and understand information such as: heading, table of contents, glossary, electronic menus, icons, bold print, labels, photographs, captions, etc.
