Explore StudySync with your Student

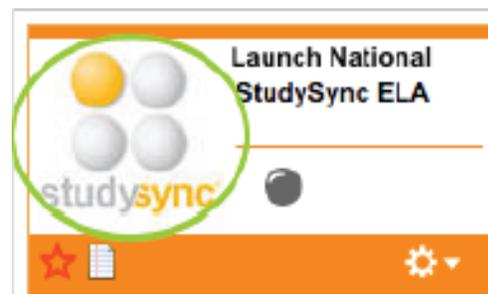

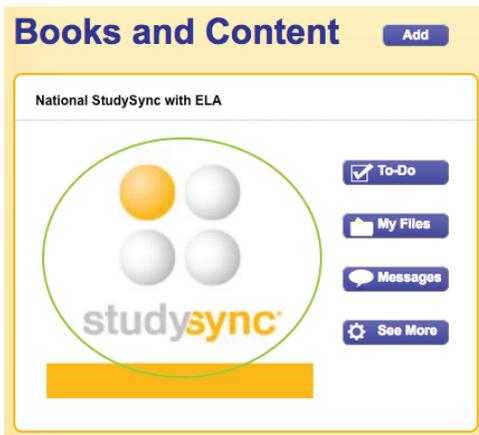

- 1 Visit: my.mheducation.com

Please Log In

← Enter the **Username** and **Password** provided by your teacher

← Click the **Log In** button

- 2 Click on the **StudySync logo** once, and then click it again to launch the program.

Download the StudySync® Student Mobile App

Students also have the option to access assignments and work offline with our student mobile app. After downloading the app from their mobile provider's app store, students enter a StudySync Mobile App Key. This Key is easily located in the student's profile by logging in through ConnectED via a browser, as shown above, and clicking on **Profile** in the drop down menu next to their name.

Important: The StudySync App Key will only be valid for 24 hours. After this time, if students have not yet set up their mobile app account, students must log back in via browser to get a new key. Students should retrieve the app key when they are ready to set up their mobile account.
