High School Program Options

The MCPS Office of Curriculum and Instructional Programs (OCIP) has developed a long-range strategic plan for high school programming. This plan was presented to the Board of Education on May 30, 2019.

The plan will be implemented in phases over the next six years, beginning with marketing in summer and fall 2019 for new programs available to Grade 9 students in fall 2020.

A large crowd of graduates in blue caps and gowns is seated in a stadium-like setting, facing a stage where several graduates are standing. The scene is brightly lit, suggesting an outdoor or well-lit indoor venue.
