

Round 2 Regional interest-based programs applications for current Grade 8 students

Round 2 of the regional interest-based application programs link is available here: <http://bit.ly/HSregionalRound2>

At this time, all invitations have been sent during the initial round of applications. The original application due date was in November, 2019.

Currently there is no space available in any of the interest-based programs and the majority of the programs have sizable waitlists. Should there be vacancies and the current waitlist is exhausted, a lottery will be conducted of the new student applicants. If invited, students/parents will receive notification. Please note that transportation varies for the interest-based programs.

Criteria-based programs are not eligible for this process.
