## The R.A.I.S.E. Report

### Director’s Message

MCPS Sports Nation – To begin, I hope you and yours are safe and well and that your school year is off to a great start! While we continue to face challenging times, I am inspired by the collective efforts of stakeholders across MCPS Athletics, as we have reimagined the experience for our student-athletes during the upcoming school year. The virtual delivery of our program was created by our design teams of R.A.I.S.E. Reimaginers, who used feedback from our survey, input from coaches, and, most importantly, student voice to shape virtual activities and experiences. We look forward to the return of in-person engagement for our student-athletes, when health metrics allow and in alignment with MCPS operations. More information will be shared real-time, as we prepare for the in-person formal seasons during the second semester. Please know our paramount priority is the health and safety of our student-athletes and stakeholders. Finally, we are excited to debut committees that will assist in enhancing operations across our program, including our Equity and Social Justice Committee. This committee of self-named “change agents” has begun their efforts by designing experiences during the virtual seasons for students to engage and support our efforts around equity, social justice, and anti-racism across MCPS Athletics and beyond. We look forward to this engagement and the rest of the opportunities for our student-athletes to excel during the school year. We invite you to join us in embracing our mindset of We CAN, We WILL, We R.A.I.S.E.!

### COACHES’ CORNER

#### MCPS R.A.I.S.E. Reimaginers – Thank you!

During the summer, the MCPS Athletics Unit convened a group of individuals to plan and develop the virtual seasons. We recognize the enormous efforts that our athletics specialists and coordinators, sport directors, district reps, coaches, and members of the Student-Athlete Leadership Council have made on creating the greatest virtual experience for all of MCPS Athletics. The group was named the MCPS R.A.I.S.E. Reimaginers! Thank you to all the Reimaginers for supporting student-athletes during the pandemic. #WeRAISE

#### Guest Speaker Series

The R.A.I.S.E. Reimaginers recognized the importance of addressing the physical, mental, and social-emotional health of students-athletes. They developed a series of guest speakers, including the following individuals. The Systemwide engagement portion invited the MCPS athletic trainers to discuss “Reconditioning the Athlete”, as well as hosting Alan, Stein, Omari Pearson and Deb Hult, who are nationally known motivational speakers. The Equity and Social Justice Committee is also designing activities for all MCPS athletes. Sport-specific engagement features officials, college coaches, as well as former athletes engaging with our athletes. MCPS also developed a Career in Sports and a Women in Sports series to broaden our horizons and enhance our core values. Together #WeRAISE
