APPENDIX F - 1

(1). Data as reported in the FY 2020 Comprehensive Annual Financial Report (CAFR).

(2). In order to compare actual expenditures in the CAFR to the operating budget, encumbrances must be removed to make a meaningful comparison to budgeted amounts.

(3). Total amount of Enterprise Funds for inclusion in the FY 2020 expenses in the operating budget document.

(4). Grand total of expenses to be included in the operating budget statements before adjustments.

(5). Expenses are reduced for items not budgeted for in the operating budget such as depreciation, loss on disposal on fixed assets, escrow purchases, inventory adjustments, and compensated absences. This column also adjusts for rounding expenditures to the nearest dollar.

(6). This column represents the mapping of the fund and category numbers used in the financial control system to the categories used by the operating budget system.

Unlike the financial control system that uses fund number to capture enterprise expenditure data, the operating budget utilizes unique category numbers to budget and capture financial data for the five enterprise funds.

(7). FY 2020 operating expenses by budget category as appears in the Superintendent's Recommended FY 2022 Operating Budget
