

Montgomery County Public Schools (MCPS) is beginning the Schematic Design Phase for an approved capital project. This notice is to inform you of the work session scheduled for the reopening of Charles W. Woodward High School. This meeting is for school staff, students, parents, and future parents, and there will be a future meeting presenting the same material for the adjacent neighbors and communities. MCPS extends an invitation to you to participate in this process. Everyone present will have the opportunity to hear about the proposed project.

The purpose of the work session is to surface and discuss ideas in the development of a preliminary design to determine spatial relationships within the site, the pedestrian and traffic flow of the site and how the project will impact the community at large.

The date and time for the work session is shown below. The work session is scheduled in the evening to allow for maximum involvement.

To reiterate, participants of this work session will include representatives of the schools, PTA, cluster coordinators, the design architects, staff from MCPS Division of Construction, and staff from MCPS Division of Capital Planning.

Sign language interpreter services will be provided upon request with notice as far in advance as possible but no less than 5 business days prior to the event. If you need this or other services or aids to participate in this activity, please call Ms. Shiho Shibasaki, project manager, Division of Construction, at 240-314-1000 voice; TTY users should call Maryland Relay (711) or email at Shiho_C_Shibasaki@mcpsmd.org. Taking these steps will help us have sufficient time to best meet your needs.

Thank you.

Schematic Design for Charles W. Woodward High School Reopening Project

Work Session Schedule

School Community Work Session

September 24, 2019 @ 5:30 PM

Meeting Location: Tilden Middle School Cafeteria

**If you have any questions regarding this process please contact
Ms. Shiho Shibasaki, project manager at 240-314-1000**
