

# 2019–2020 First Quarter ENERGY AWARDS

The **SCHOOL ENERGY AND RECYCLING TEAM (SERT)** program is pleased to announce that our schools made significant efforts to save energy during the first quarter (September–November) of the 2019–2020 academic year. During these challenging budgetary times, any avoidable operating costs will have a positive impact on our educational initiatives. Sixty percent of our schools demonstrated great energy management behavior and showed energy savings compared to their baseline. Montgomery County Public Schools (MCPS) was able to achieve \$56,750 in energy cost avoidance for the quarter.

Schools achieving top energy cost avoidance as compared to their baseline usage are eligible to receive quarterly monetary awards. The baseline for each school is an average use of their prior five school years of the same quarter. Schools without an established baseline are eligible to receive a monetary Great Energy Management (GEM) award which is based on demonstrated active participation in the SERT program and energy-efficient behavior.

We applaud all of our students and staff for their commitment to conservation and sustainability and congratulate the following 61 MCPS schools for earning SERT energy awards:

## MCPS SCHOOLS WITH—

- GEM STATUS
- SAVINGS GREATER THAN 5%
- SAVINGS UP TO 5%
- NO SAVINGS

### ELEMENTARY SCHOOLS
