MAINTENANCE AND OPERATIONS SERVICE CENTER TEAMS

During the 2020 reorganization of the Department of Facilities Management, the Maintenance and School Plant Operations divisions were merged to create one cohesive unit. Under the directorship of Veronica Hill, the division is focused on providing a full range of maintenance and operations services that exceed customer expectations while continuing to foster long-term relationships, establishing a highly-skilled workforce, and building recognition as leaders in the K-12 industry.

Whatever your facility requires, from asphalt repairs to zoned air conditioning adjustments, we're here to serve your needs. Quality service and support are just a work order away!
