

Non Catalog Request (NCR) for Goods & Items

NOTE: The P-card is the preferred method of procurement for non-catalog purchase orders totaling less than \$100.00. Therefore, the Procurement Unit has established \$100 as the minimum order amount for non-catalog requests (NCRs). (See memo dated October 4, 2010).

1. Log into *iProcurement* and click on the **Non-Catalog Request** link shown in the blue horizontal navigation bar.

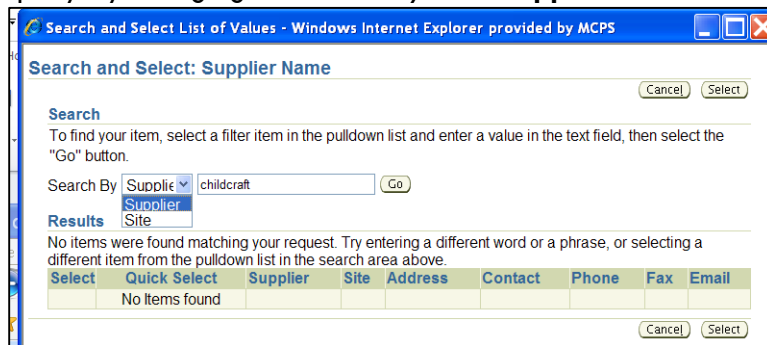

2. The Non-catalog Request Store page is displayed.
3. In the Request Type field, select **Goods and Items**.

To the right of these fields are 'Contract Number', 'Supplier Name', 'Site', 'Contact Name', 'Phone', and 'Supplier Item' (all text fields). There is a checkbox for 'New Supplier'. At the top right and bottom right of the form are buttons for 'Clear All', 'Add to Cart', and 'Add to Favorites'.

4. In the *Item Description* field, provide a detailed description. Include a Brand and/or Model #, color, etc. if applicable.
5. In the *Category* field, enter in a relevant category code. Refer to the **Non-Catalog Request (NCR) Categories** document for a list of suggested category codes that is posted on the link: http://www.montgomeryschoolsmd.org/departments/procurement/pdf/NCR_Categories.pdf
6. In the *Quantity* field, enter the quantity amount of the item being ordered.

7. In the *Unit of Measure (UOM)* field, choose the appropriate measurement type by clicking the flashlight icon and type the % into the search field to see a list of all units of measure. Click on the **Quick Select** icon by the *UOM* for the item being ordered.

Perform a search using the site field to query by changing the Search By from **Supplier** to **Site**:

Use the Quick Select to choose the supplier:

- b) If the supplier cannot be found, and you have not ordered from the supplier before:
