

# PROSPER 100

## STUDENTS FIRST!

We are at a moment of great opportunity for MCPS—a school system that has been my professional home for two decades. We are stronger because of the resilience and grit that students and staff have displayed in the face of the trial and tribulation over the last 15 months. **It is now time for MCPS to PROSPER.** This transition plan outlines my priorities for doing so during my first 100 days as interim superintendent. This vision will require all of us, and I look forward to our work together.
