

Maryland's Largest School District

MONTGOMERY COUNTY PUBLIC SCHOOLS

Expanding Opportunity and Unleashing Potential

Dear Parents/Guardians,

In light of school closures as a result of COVID-19 (coronavirus), MCPS is committed to providing families with activities and materials to support learning during the closure.

Learning activities and materials are available online through myMCPS Classroom; print materials are also being sent home for your child. These activities are meant for review and to practice information that has already been taught. The activities are designed to span the timeframe of our school closure. Please do not feel these need to be completed in their entirety. We are committed to providing you with resources for your child to be engaged in learning activities.

To access online and print materials, please use the following directions:

- Visit <https://www.montgomeryschoolsmd.org/curriculum/contingency>.
- Select the appropriate grade-level button.
- Your child can click the **Join Here** button to enroll in the course.
- Your child will need to log in using their MCPS Google account. For elementary students who do not know their login and password, a ConnectEd message will be sent to all elementary households on Monday, March 16, 2020. If your child still has difficulty logging in, please refer to the Frequently Asked Questions (FAQs) at <http://bit.ly/mcpsmd-course-faq>.
- Each myMCPS Classroom course includes a welcome letter and further guidance.

While these activities and materials are designed for your child to be engaged independently, please feel free to work with your child as well. In addition, we encourage families to read, play board games, write in journals, and join in on any other activities you think are appropriate for your child.

We greatly appreciate your collaboration and understanding during this time.

Sincerely,

Montgomery County Public Schools
