Dear Col. E. Brooke Lee Middle School Parents and Guardians,

I want to thank Ms. Glasgow for her work in bringing the “Back to School with History Makers” to Lee MS in late September. We had a wonderful presentation by Dr. Stith and Dr. Maclin, two African American physicists. Our guests focused their message on the 2015-2016 “History Makers” Theme: Commit! Students had the opportunity to engage in dialogue and ask questions to each of our guests. The assembly was engaging, encouraging and inspirational. Ultimately, Dr. Stith and Dr. Maclin encouraged students to commit to academic achievement, high school graduation, and successful college entry and matriculation.

Interim progress reports for the first marking period have been updated on Edline and mailed home from central office (if you have moved, please make sure that you have updated your address with our school). As you know, you have the greatest impact on your child. Using Edline will allow you to have conversations with your child and help determine which assignments are due, to see if they are turning in homework, and keep you abreast of their performance throughout the quarter. If you have questions about your child’s academics please don’t hesitate to contact the teacher or counselor. A complete list of our staff’s contact information can be found on our school website.

At the end of September we had 50 students and 18 staff members go through a training for Sources of Strength or SOS. This is a national program that teaches students that through HOPE, HEALTH, and STRENGTH based thoughts and messages, students can positively affect each other’s outlook on life and support each other in focusing on the POSITIVE things. During their first campaign peer leaders encouraged students to take the time to recognize all of the positive people and all of the positive things in their lives by writing them down and displaying their sources of strength in the cafeteria. We will continue with this message throughout the year in a variety of campaigns.

Col. E. Brooke Lee will host an open house on October 12, 2015 throughout the day. We do not have an official program planned. However; during our PRIDE period and throughout the morning administration and counseling will be available in the media center if you have any questions or would like assistance with Edline. Our open house is a chance for you to observe classes and view the curriculum and learning in action.

Other opportunities coming up for families to visit the building include:

- October 15-Informance Concert
- October 20-Feasibility study information about possible new addition to Lee
- October 22-EXPO NIGHT
- November 12- “Arena style” parent conferences

Respectfully,

Kimberly Hayden Williams
Principal

Student Service Learning (SLL) Notes

A message from Ms. Hart, 8th Grade Counselor and SLL Coordinator:

Give a Little Time...Make a Big Difference

- Support service activities during Montgomery County Community Service Week held October 16 – 25, 2015. Visit the Montgomery County Volunteer Center Community Service Day webpage to find approved projects!
- Keep copies of all SSL documents turned in to the school SSL coordinator.
- The MCPS SSL plan allows students to earn SSL hours 3 ways: 1) in specific middle and high school courses, 2) in school-sponsored clubs and organizations that have a service focus, 3) with approved, official nonprofit, tax exempt organizations in the community. Know the SSL guidelines and follow them!
- All service in the community must be preapproved. Organizations and opportunities are identified as MCPS SSL approved by a graduation cap icon 🧩. Check out the MCPS SSL webpage www.mcpsssl.org (click on “find SSL community opportunities”) to find approved organizations and opportunities.
- Submit completed MCPS Form S60-50, Individual Student Service Learning Request for approval before beginning service with organizations and opportunities that are not already identified on the database as MCPS SSL approved.

PTSA Corner

A message from Mrs. Stacy Menendez, PTSA President:

The PTSA is revitalizing this year and we need everyone’s support. There are areas that need help and resources. Our goal for this year is for us to have fun, work together for the school community, and show our children we support their learning. We want to be involved in ensuring Lee MS will have the resources it needs to help our children learn in the best environment possible.

The PTSA needs help from parents and we would love to talk with anyone who has questions about the commitment for each office and becoming a member. Please know that the commitment for officers is not very time consuming. You can be a part of the PTSA and share new ideas to help keep us growing. The more members we have, the louder our voice. County-wide, we could have a large impact, we can advocate for Lee and other schools similar to ours. The MCCPTA (Montgomery County PTA), the board of education, and the county council pay attention to our requests. If we join together, we can accomplish a lot (it would be so cool to have 100% parent membership!).

Please consider being Secretary or the MCCPTA rep (the person who is the liaison between us and the county PTSA. These are the most urgent positions to fill right now. Membership forms are available in the main office and also on our school’s website. We will be having our first PTSA meeting on Tuesday, October 13th at 6:30 p.m. I’m very much looking forward to meeting all of you. If you have any questions please contact me at (301) 602-6229 or via email at dezamptsa@gmail.com
**Counselor’s Corner**

**School Counseling News**

**Attention 8th Grade Parents and Students**
Applications are available online for high school magnet and application programs. These are competitive programs with a limited number of seats and require students to complete an application and meet specific admissions criteria. This may include a written application or the submission of additional materials such as a portfolio. Some programs accept applications countywide, while others accept applications from designated regions of the county. Please visit [http://www.montgomeryschoolsmd.org/schools/downcounty/index.aspx](http://www.montgomeryschoolsmd.org/schools/downcounty/index.aspx) for information about the programs and to download applications.

**Upcoming High School Open Houses for 8th Grade Parents and Students**
DCC high schools will host open houses highlighting their academy programs and other features of each school. Each open house will begin promptly at 7:00 pm.

**Thursday, October 1** - Kennedy HS
**Monday, October 5** - Blair HS
**Wednesday, October 14** - Northwood HS
**Monday, October 19** - Einstein HS
**Monday, October 26** - Wheaton HS

Also, you will be receiving important mailers and high school choice forms from the division of consortia offices via mail so ensure that your address is up to date.

**From the Registrar/Counseling Secretary:**
It is extremely important that we have current working phone numbers and addresses. Please keep us updated with any changes.

Also, if you have moved or are planning on moving please give us at least one week advanced notice. If you have moved and are still in the Lee MS area, we need proof of residency, i.e. current lease or tax bill, before we can change your address.

Please contact Ms. Rosenblatt in the Counseling Office with updated documentation or questions at 301-649-8107 or email at joanne_f_rosenblatt@mcpsmd.org. Please contact the appropriate counselor to make an appointment at (301) 649-8107.

**Media Center News**

Fall in to Reading! September 15th – October 15th is Hispanic Heritage month. Check out this photo display of a few famous Hispanic Americans at [http://www.hispanicheritage.gov/photo](http://www.hispanicheritage.gov/photo). We are celebrating the month with displays of books about contributions and achievements of Hispanic Americans and interesting facts. Learn about celebrations in the metro at the following link at: [http://www.hispanicheritage.gov/](http://www.hispanicheritage.gov/).

**WLMS Morning News** crew welcomes our new recruits! We have two new recruits this year, both 8th grade students, who have joined the news team. They are off to a wonderful start learning to operate television equipment, reading the news each day and more. Any student interested in being a member of the news team, where you can operate TV studio equipment and read the news, should see Ms. Semuskie!

Attention Parents! Are you interested in volunteering some of your time in the media center? Let us know! We are happy to have volunteers. We need help shelving materials, covering books, checking out materials and more! Please contact us if you are interested.

---

**Resource Center News**

**A message from Ms. Saba:**

The school year is off to a fantastic start! The Special Services Department has been hard at work collaborating with students, families, teachers, service providers, guidance counselors and administrators, to ensure that all students receive the necessary support in order to maximize instruction.

We are pleased to continue our partnership with Einstein High School’s Extensions program. Students from the high school will visit Lee three days a week and complete tasks in order to gain workforce skills.

In order to promptly provide IEP goal feedback to families, we will be sending home IEP Quarterly Progress Goal Reports will be mailed home along with their report cards. These reports will show specific progress on your child’s individual goals.

If you ever have any questions or concerns regarding your child’s individual educational plan, please contact your case manager or me, and we will always respond promptly.

Thank you for your continued support!

---

**Theatre News**

**A message from Ms. Hague:**

The Drama Department is so excited to announce that we have casted our Fall Play, “15 Reasons Not to be in a Play.” We have 36 students participating in the play and we are looking forward to getting started on something that will be great.

Be sure to mark your calendars for the Fall Play. There are two shows: Friday, December 4th at 7pm and Saturday, December 5th at 2pm!
PBIS News

A message from Ms. Mika:

Greetings from the Positive Behavior Intervention & Supports (PBIS) team! We have hit the ground running as our student’s continue to show that they are Positive, Responsible Individuals Determined to Excel (PRIDE). The Cougar Den is up and running and our students are lined up every Tuesday and Thursday morning to spend their hard earned cougar cash. The PBIS team began our Raffle Friday drawings. Every Friday a student and staff member are randomly selected from spent cougar cash to receive a special prize. Soon we’ll have our PBIS student representatives selected. The representatives will help run the Cougar Den and discuss ways to make our great school even better. So let’s continue to have a spectacular year Cougars and stay positive!

6th Grade Team News

A message from Ms. Sabatino:

The year is just starting and we are almost at Outdoor Education time! All sixth graders will be participating in our three-day, two-night adventure to the Smith Center in the first week of November. Students are looking forward to this wonderful experience and will have much to share when they return. Permission slips are due by October 26th, and the cost is $90, cash or check. Parents, you are invited to attend our FINAL Parent Orientation meeting on EXPO Night, October 22 at 5:30 p.m.

It seems like only days ago we were just getting settled into our back-to-school routines... but with leaves, temperatures and even snow flurries starting to fall, we are reminded that the end of the first marking period and the holidays can’t be far behind.

Students, it would be great to have all of the sixth grade class attend the first ABC party of this year. Make sure you’re eligible to attend: report to classes prepared with all necessary materials, write down homework assignments, and check Edline frequently. You can also check the data wall in your class to make sure you’re completing and turning in all assignments. Our ABC party is very, very soon!

Parents, remember to activate your Edline accounts to stay informed of your child’s progress and communicate easily with teachers. If your child needs help, consider enrolling them in PRIDE Academy after school for help with homework and projects from five teachers. Yes, FIVE!

7th Grade Team News

A message from Mr. Duvall and Mr. Turner:

The 7th grade team is currently planning its first field trip of the year, a trip to the AFI theater in silver spring in November. In addition we will be having an in-school event in December supporting the study of Africa in World Studies. Please keep an eye out for communications and permission slips.

As we reach the interim time please check grades on Edline. Our after school homework help, PRIDE Academy, has started and will meet every Tuesday and Wednesday. Please encourage your students to come to get help, get caught up, or simply to get work done.

AVID News

A message from Ms. Boveja:

AVID

Advancement via Individual Determination

AVID strategies for helping your student at home

- #1 Show interest in his or her progress
- Talk to your student about school
- Be aware of your student’s classes and his/her performance in each. Praise your student’s strengths, and help him/her find way to improve in areas of weakness.
- Ask to look at your student’s binder and agenda book for assignments.
- Find out who your student’s friends are.
- Are they asking clarifying questions in the class?
- Be enthusiastic and supportive. Your student’s participation in AVID will keep him/her motivated and excited about reaching the goal of attending a four-year college or university.

8th Grade Team News

A message from Mr. Fetherman and Ms. Geddes:

The 8th grade team would like to thank our students for getting the year off to a great start! We’d also like to thank the many parents and families who came to join us for Back to School Night. It was a successful evening for all of us. Even though the school year is just getting started, eighth grade students will already be preparing for high school. The D.C.C. high school choice process begins in October with open houses at all five high schools.

Process and Application Information Meetings
- Monday, September 21 from 7:00-9:00 pm at Kennedy High School (DCC special education presentation at 6:00 pm)
- Monday, September 28 from 7:00-9:00 pm Paint Branch HS.

Individual School Open Houses*
- Thursday, October 1, 2015 Kennedy HS
- Monday, October 5, 2015 Blair HS
- Wednesday, October 14, 2015 Northwood
- Monday, October 19, 2015 Einstein HS
- Monday, October 26, 2015 Wheaton HS
* All open houses begin at 7pm in the auditorium.

We’d like to have all eighth grade students attend our first ABC Party of the year in November. Make sure you’re eligible to participate: students should report to classes prepared with all necessary materials, and complete all assignments. Remember to check Edline and each classroom’s data wall frequently.

Extensions

A message from Ms. Mika and Ms. O’Leary:

We have had a great start to the school year! Our students have learned routines and are adapting to the middle school environment well. This month we will continue our graphing and ratio units in Math. We will finish up the novel Holes and move on to a poetry unit in Language Arts. In Science we will continue to learn about physics and sound. In social studies we will delve deeper into government and leaders. This month we will also start up our Extensions Program Coffee business. The Lee Cougar Coffee Cart will be up and running beginning October 23! We are busy learning and look forward to a fabulous month!
Music News

A message from Mrs. Franklin and Ms. Martin:
The music department is off to a great start this year! Here are a few highlights so far:

We are beginning after school music activities this month (“15 Reasons Not to be in a Play” fall play, Jazz Band, & band/orchestra private lessons), but students must sign and turn in an After School Activities Form. Please turn in these forms ASAP to the Main Office!

After School Activities: (8:15pm-4:15pm)
Tuesdays
- 15 Reasons not to be in a play rehearsal in Rm 211 with Mrs. Franklin/Ms. Hague
- Band Rehearsal in Room 120 with Ms. Martin

Wednesdays
- 15 Reasons not to be in a play in Rm 211 with Mrs. Franklin/Ms. Hague
- Jazz Band Rehearsals in Room 120 with Ms. Martin

Thursdays
- 15 Reasons not to be in a play in Rm 211 with Mrs. Franklin and Ms. Hague
- Orchestra Rehearsals in Room 120 with Ms. Martin

Fall Informance Concert Information
The Music Department is hosting a Fall Informance Concert on Thursday, October 15th at 7pm in the Lee Middle School Gymnasium. All music students are required to attend this concert. Music students are asked to arrive at 6:30pm, and the concert begins at 7:00pm and will last approximately 1 hour. There will be no supervision provided for students from 2:40-6:30pm (if students are involved in after school activities until 4pm or 6:30pm, they need to leave school property and then return at 6:30pm for the concert).

Parents interested in chaperoning must contact Ms. Martin at: Jessica_A_Martin@mcpsmd.org. Please indicate when you are available to chaperone. The Music Department needs parent chaperones as early as 6pm and as late as 9pm. If you are interested in working the concession stand, set-up/clean-up, or student holding rooms please email Ms. Martin ASAP.

Claire’s Gourmet Fundraiser and Music Booster Meeting
Claire’s Gourmet Fundraiser products will be available for pick-up on Tuesday, October 20th in Room 120 from 3pm-8pm. Please call the front office if you have any concerns about the pick-up time.
Our first annual Music Booster Meeting will take place on Tuesday, October 20th at 7pm in the Band Room (120). All parents interested in supporting the music department are welcomed. The music teachers will be providing snacks and drinks for the meeting.

Upcoming Events:

- Tuesday, September 29th – FINAL day to turn in Music Department Fundraising Packet
- Thursday, October 15th – Fall “Informance” Concert @ 7pm in the Gymnasium
- Tuesday, October 20th – Claire’s Gourmet Fundraising Items Pick-Up (3pm-8pm) in Room 120

World Studies and World Languages Department News

A message from Ms. Fitzgerald:
As the seasons begin to change as well as the foliage on the trees it reminds us that fall is here. It is also a reminder that our fabulous World Studies department teachers are gearing up for our annual Expo Night. Expo Night will take place on Thursday, October 22nd from 6-8pm. Each grade level will complete a culminating project that ties into their curriculum focus. Sixth grade Advanced World Studies students will research information on Ancient Egypt in order to identify the characteristics of a civilization. Students will create various artifacts that were used during Ancient Egyptian civilizations. Seventh grade Advanced World Studies will infuse technology into their projects by using Pixlr to explain the Middle Ages. We look forward to students donating dishes. Eighth grade will create projects that relate to the American Revolution and creating a new government. We are excited to showcase these projects and look forward to parents and community members viewing them.

Our World Languages Department is thriving and students are learning Spanish and French. In Spanish 3A, we will be studying the different ways that the verb to be is used in Spanish and will begin to conjugate regular verbs in the present tense of the indicative. SSS 1A – We will be reading in class, “La casa en Mango Street,” and the theme of “Identity.”

SSS 2A – We will be reading, “EL color de mis palabras,” and the Theme of the Human Rights.

English/Reading Department News

A message from Ms. Tropea:
The English department is working hard this fall planning instruction collaboratively! We are looking ahead to the PARCC assessment and making sure that our lessons and objectives align with the new assessment.

There are not many changes as far as instruction this year. All 6th grade English classes will continue to be Advanced English classes this year. We would like the students to be exposed to as much complex text as possible and would like to give them the opportunity to do well and stay in Advanced English during the rest of their time at Lee.

Our English curricula are also becoming more aligned to the Core Curriculum. You may notice a concentration on text dependent writing, more complex texts, and more real world applicable tasks.

We have finished the fall MAP-R testing and now have a baseline for reading improvement. The students will take it two more times this year to help teachers identify exactly what skills students need to work on throughout the year.
We are looking forward to a success-filled year of reading and writing.
ART News

A message from Ms. Paul:
Come see the work of our Lee Artists at Expo Night! Expo Night will be held on Thursday, October 22, 2015 from 6 – 8 p.m. You’ll have the opportunity to make your own art pin to wear! Starting off the year creatively. Our students are hard at work on the following projects to put on display around school. Work coming to the walls of Lee soon! Stop by our room to see the going ons!

6th Grade Self Portraits – For this assignment students are using proportion, line, and pattern to draw a portrait of themselves in the style of Brazilian artist “Romero Britto”. Romero Britto is still a living artist in Miami who is known for his bright style that he’s brought to various different company products and even the Super Bowl. They first are studying portrait drawing and correct proportions of the face to produce a lifelike self-portrait from observation. They then are sectioning off the portrait and applying patterns using various oil pastel techniques to create a “Neo-Pop Cubism” style. Some students may even incorporate personal symbols that further represent themselves in their self-portrait.

7th Grade Paper Relief Sculpture – For this assignment students are combining their knowledge of form, movement, and pattern to create a “Frank Stella” inspired Paper Relief sculpture. Frank Stella is considered the Father of Minimalism, and is still a working artist that creates relief sculpture out of painted aluminum and various other materials. A relief sculpture is when 3D elements have been up, or sunken in on a flat surface. Combining the art of Zentangle, and a physical activity they have chosen to represent, students first create an abstract expressionist drawing with markers on a piece of poster board. Abstract Expressionism is a style of art that values spontaneity and improvisation as well as technique over subject matter and traditional art forms. Students then are applying various paper sculpture techniques to their drawing to a relief sculpture. All the while keeping in mind to represent their physical activity now through the element of form.

7th Grade (Honors) – For their assignment students are going to create a “Bas-Relief” sculpture that portrays a physical activity through the depiction of human figures and gestures. A Bas-Relief is a sculpture that is only slightly raised on a flat surface/slab. They first are going to create a sunken relief sculpture out of clay in which they will dig below the surface of the slab, and dig out the anatomy of each human figure performing an action. Keeping in mind proportion and shape to portray the human figure effectively. They are creating a scene similar to that of the Egyptian Relief sculptures that documented the everyday activities of the people. After turning their sunken relief sculpture into a “mold” by applying barriers, they are then going to then pour plaster on top of their relief to create a cast that will in turn become a “Bas-Relief”. Casting is when you create a negative of a 3-D form in order to form a positive sculpture in the end with a liquid substance like Plaster. Their project’s focus is primarily form and movement, so there will be no application of color in the end to differentiate forms.

8th Grade – Students are working either by themselves to develop one effective comic, or in groups of no less than 3 to create a comic strip. They will use the reduction print process where they carve and print many layers. The initial image is reduced each time for the following color. Therefore they will have to make several “editions” in order for each member of their group, and Ms. Paul, to have a copy. As well, the purpose of Printmaking is being able to create multiples of the same image. The subject of their image will be one of a moment in motion. Their overall comic must adhere to school appropriateness, and therefore cannot be violent. They will be using a comic book style in their prints! (Action words, Word Bubbles, Movement lines, etc.)
A message from Ms. Jones:

We would like to thank those students who completed the math summer packet!

This year, the math classes started by reviewing some of the basic skills learned in previous years. 6th graders started the year by exploring ratios and 7th graders started the year by exploring factorization, exponents, and evaluating expressions. We will continue to incorporate real world applications into our instruction, so students can see the applicability of the concepts studied in class.

In October, a great way to spend rainy days is to use technology to your advantage. Connect with your child’s learning through Learn Zillion or Khan Academy.

Math Department News

A message from Ms. Rogers:

Every day we ask our students to tell us what they know and show us what they are able to do.

Sixth graders are presenting proposals for a special effect show using chemical reactions. They are in the midst of learning about the elements of the periodic table.

Seventh graders are building their own hydroponic systems. Students have begun planting their Basil seeds and we are excited to watch these plants grow.

Eighth graders are studying weather, and by using their acquired knowledge, will design a “green” house that will operate efficiently in a climate of the student’s choosing. Students will begin researching the week of October 5th so that they can design their houses.

Please come to Lee’s Expo Night on Thursday, October 22, where you can see these and many more wonderful projects.

Science Department News

A message from Mr. Chase, Ms. Fischer, Mr. Morris, Ms. Provino and Mr. Reader:

Sure, the summer is over, but who says that the fun has to stop? The Health and Physical Education department has great activities planned for the 2015-2016 school year to get students focused on good health and active lifestyles. Please be ready for success by coming prepared with athletic clothing and sneakers as well as participating and keeping an open mind. We are currently involved in pickle-ball, tennis, football, and soccer. For those of you interested in playing a sport be on the lookout for information regarding intramural activities as well as middle school athletics!

Make sure you continue to turn in your family life and disease prevention permission forms to your Health teacher. They must be signed by your parent or guardian.

Congratulations to the following Physical Education students for the month of September:

Ms. Provino: Jeremiah Grullon- Grade 8 & Anamika Smith- Grade 7.
Mr. Morris: Julian Diaz-Grade 6 & Ashley Lazarte-Grade 6.
Mr. Reader- Ibrahim Savage- Grade 8 & Aicha Tarawally-Grade 8.
Ms. Fischer: Edgar Serpas-Grade 6 & Elizabeth Mendez-Grade 7.
Mr. Chase-Awad Tamball-Grade 8 & Jennifer Guandique-Grade 8.

Excellent job showing sportsmanship and Cougar Pride!
