

Greetings Redland and Shady Grove Middle School Parents and Guardians,

Today, students in eighth grade heard presentations from Magruder Counselors and Resource Teachers regarding course offerings for their 2019-2020 courses. Students will participate in online course registration on Friday, February 22, for Shady Grove and Monday, February 25, for Redland. We encourage you to visit the online portal to view course offerings for next year as well as teacher recommendations for your student. You may access the online portal via the following URL: <https://portal.mcpsmd.org> Our academic goals include encouraging students to challenge themselves with higher-level courses throughout their high school career.

During February and March, as the registration and staffing season progresses, some courses may not be offered due to under enrollment. Counselors will contact students in advance if any changes are needed regarding availability of courses. You will receive a letter confirming course registration by the end of March 2019.

If you have any questions, please email Ms. Ellen Hudson, Magruder Assistant Principal, at [Ellen\\_E\\_Hudson@mcpsmd.org](mailto:Ellen_E_Hudson@mcpsmd.org) or call your Magruder counselor at 240-740-5560.
