- It is recommended to read the book with the help of a bilingual dictionary (French/English).
- A factual multiple choice test of 50 questions in French will take place during the second week of class.
- Students should write a summary in French of what happens in each chapter in order to remember well what happened.
- Students should spread this work over the summer in order to understand well the story.
- It is also recommended that the students watch the news in French a few times per week. It is recommended they watch either: [www.france24.com/fr](http://www.france24.com/fr) or [www.francetvinfo.fr](http://www.francetvinfo.fr)

Have a great summer reading this fantastic story!
