

BUS RIDERS and STUDENT DROP OFF / PICK UP AREAS

Students are encouraged to ride their assigned bus to and from school. Bus routes are created by the MCPS Transportation office based on student addresses. Students needing to ride a different bus due to after school care, etc., must obtain approval of the Transportation office to do so by calling 301-670-8273.

The number of parents driving their children to school has increased over the last few years and parents who choose to drive their children are encouraged to carpool. Parents must follow the directions of our security assistants upon entering the main driveway. Only buses are permitted in the circle driveway in front of the school from 7:45 am – 8:30 am and again at dismissal time 2:45 pm – 3:15 pm. Only staff is permitted in the parking areas to the left of the driveway.

To ensure the safety of our students and staff, the lower lot on the right has been designated as the student drop off and pick up area. Please do not drop your student off along Scott Drive or in the driveway entrance to the school. Parents should form a single line of traffic in the right lane of the driveway and turn right into the lower lot following the direction of the security staff. Vehicles proceed to the area directly in front of the building near the steps to drop off student(s).
