

It is important that you understand FMS account numbers and what each part of the number means. Understanding these numbers will help you when you create your school accounts. Below is a sample account number showing you what each group of numbers represents and what FMS account field each group of numbers belongs to.

If the account number is

01.02051.051.04.503003.000000.0000.0000.00

then place the numbers into these FMS Account Screen Fields:
