

# April News

## Upcoming Dates

3/31-4/10	Spring Break No School for students and staff	
4/10	Holiday School closed	
4/12	PTSA Virtual 7:00 pm	
4/21	Professional Day NO SCHOOL	
4/24	School field trip to the mobile science lab	

## A Note From MCPS

On Monday, April 10, families are asked to test all MCPS students using MCPS-provided rapid take-home test kits and If the test is positive, stay home, call the school office and follow quarantine and isolation guidelines.

Do you have friends or family with a 4 year old? Students MUST be 4 by Sept. 1, 2023 to Register for Pre-K/Head Start for the 2023-2024 School Year!

## A Peek At What We Are Learning

### Reading

Students will identify the main idea of a book and make inferences about a topic. We will also recognize words with target beginning/ending sounds.

### Writing

Students will add details to drawings and dictate a sentence or story about plants and butterflies. Students will also continue to print uppercase and lowercase letters.

### Math

Students will reason if there are enough, more than, less than, or the same number of objects in a set using matching and counting strategies. Students will also focus on identifying first and last in quantities up to 5 and 10 in different configurations

### Science

Students will describe and compare seeds and plants. Students will also discuss how light from sun affects people, animals and plants.

### Social Studies

Students will discuss ways to prevent pollution and the importance of recycling and how to do it.

Do you have plants or a garden at home? Please send in any pictures to share with our class for our new unit: Spring and Growing Things. Thanks!
