3/31	<b>NO SCHOOL</b>

## A Note From Ms. Carneiro

Kindergarten Registration begins this month!

Applications are accepted online using ParentVue or using a paper form. Please [click here](#) to learn about the registration process.

## A Peek At What We Are Learning

Reading

This month we will move into Unit 7: Transportation. We will introduce and describe ways people travel (on land, through air and on water), and we will discuss the concept of the past.

Writing

We will draw and write sentences to describe vehicles and we will continue to form uppercase and lowercase letters. We will draw picture of a place children like to go to travel.

Math

We will identify measurable attributes of objects, such as length, and weight and describe them using correct vocabulary (e.g., small, big, short, tall, empty, full, heavy, and light).

Science

We will introduce how weight affects motion and speed. We will also show how magnets work and use magnets to attract vehicles.

Social Studies

We will identify land types and ways people travel by land.
