

Good evening Rosemont Families,

We hope you had an enjoyable weekend. This week's Rosemont Community Connection features several important messages.

### **Calendar Updates**

**Thursday, September 21-** Back to School Picnic

**Friday, September 22-** Early Release for Students

**Monday, September 25-** No School for Staff or Students

### **School Safety Week (Sept.18-22)**

Next week, we will be conducting a School Safety Week. As part of this week we will be practicing our safety drills throughout the week and reviewing with students the importance of each drill and the procedures to follow should we have to use any of these throughout the school year. Please discuss with your student the purpose and importance of these drills as well as the behavior expectations during safety drills.

**Wednesday:** Severe Weather and Drop, Cover, Hold

**Thursday:** Lockdown Drill and Shelter in Place

### **Back to School Picnic- Thursday, September 21**

Join us on Thursday, September 21 from 5:00-6:30 for our Back to School Picnic! Come enjoy popcorn, cotton candy, music, a photo booth, tattoos, games, popsicles, food trucks, and lots of fun! All are welcome: Bring a lawn chair and help us welcome students and families to the 2023-24 school year.

### **Early Release- September 22**

As a reminder, Friday September 22 is an early release day and students will be dismissed at 12:50pm. Since many parents alter dismissal procedures on these days, an Early Release flyer was distributed to all students. Please complete this form with your students' dismissal procedure and return it to your child's teacher.

### **New Lice Procedures**

Please see the latest updates regarding lice:

1. Students identified with likely lice infestation can stay in school for the rest of the school day. Treatment is required prior to the student coming to school the next school day. Parent/guardians will need to bring their child to the health room for inspection and to ensure treatment was done.

2. A student is considered to have an infestation with head lice if live lice and/or viable nits are observed. Non-viable nits are more than ¼ inch from the scalp. This guidance has been updated from the previous ½ inch.

If you have any further questions, please see the attached lice notification.

### **S.T.A.T Performance Afterschool Program**

S.T.A.T Performance Afterschool Programs encourages and Motivates Student Athletes To Fulfill Their Potential through, academic support, basketball, dance & cheer, & soccer. Classes begin NEXT

Tuesday, September 26 from 3:30- 4:45. Parents/guardians are responsible for transportation. Register online at [www.statperformance247.com](http://www.statperformance247.com).

This concludes the weekly Rosemont Community Connection. Thank you and have a nice evening.
