[Morning announcements video](#)

The MCPS Equity unit, along with the county wide Student Government, has created an anti-bullying/hate-bias video. The Watkins Mill High School community is committed to creating a safe and inclusive environment for all. That includes inclusivity, understanding and appreciation of all cultural, ethnic, racial, religious, gender expression, and sexual orientation communities in our school. Students, staff, and families - please watch [this video](#). If you would like to discuss the content of this video, or need help with circumstances surrounding bullying, please reach out to your counselor or trusted adult in the building. Together, Watkins Mill will continue to foster positive relationships among all in and out of the building.
